Austin Energy requests authorization to issue a Letter of Intent in the amount of \$66,976.88 to Alori Properties for the installation of a solar photovoltaic system, in accordance with the City of Austin's Solar Rebate Program guidelines. The program is one element of Austin Energy's comprehensive Strategic Plan approved in December 2003.

Alori Properties (37th Street) is located at 506 W. 37th Street. The solar equipment, which meets all Austin Energy program requirements, includes 90 solar modules rated at 175 watts each, and the associated inverter is rated at 94.5% efficiency. The solar photovoltaic equipment installed is estimated to provide yearly energy savings of 21,194 kWh.

The City will not exceed the rebate offer of \$66,976.88 should the final installed measures be eligible for a higher rebate at the time of the final inspection due to changes in quantity or efficiency of equipment.
